DELANEY®

NEW INTERCONNECTED DEADBOLT WITH VIDA LEVER

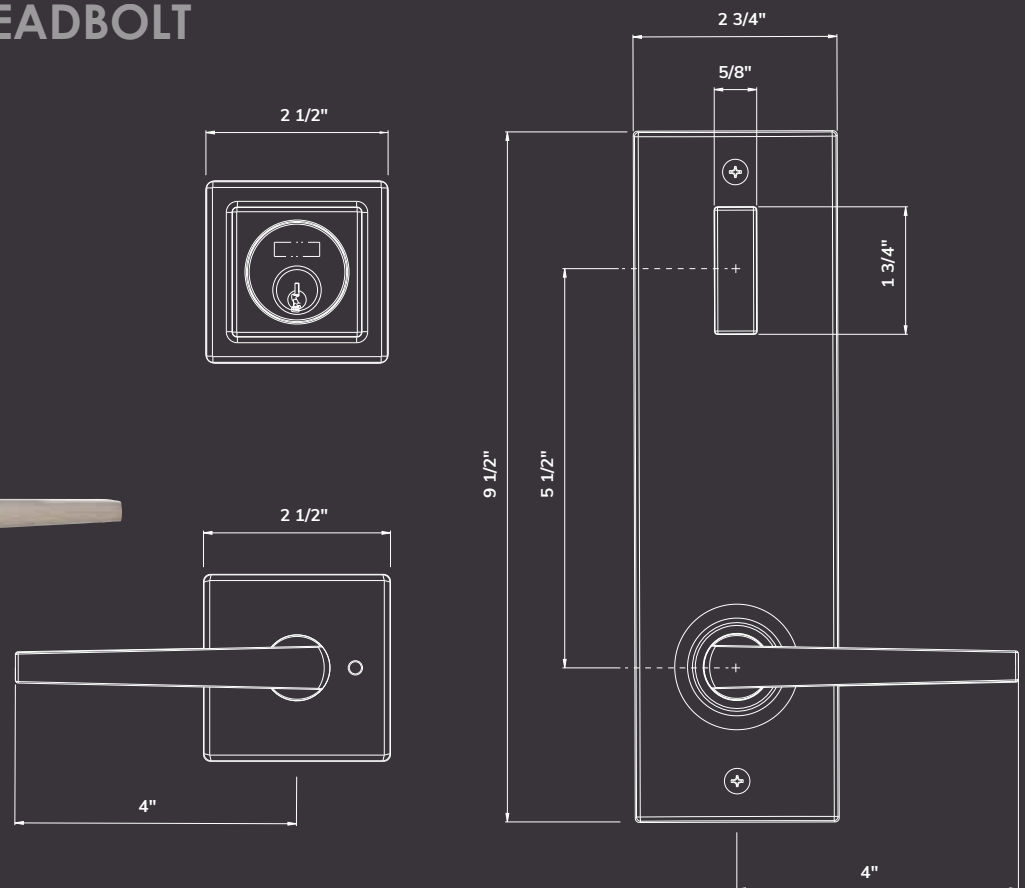

Designed with sleek, straight-lines, the new Interconnected deadbolt with Vida lever is made to compliment any contemporary or modern setting. The interconnect function allows you to open both the deadbolt and the lever with one continuous, smooth and quick motion. When exiting, there is no need to have to unlock the deadbolt then operate the lever; pushing down on the lever from the inside automatically unlocks the deadbolt.

NEW INTERCONNECTED LOCK FEATURES:

- One continuous motion for exiting the door makes it ideal for quick and simple departure; easy egress in case of emergency.
- Ideal for multi-family units, assisted living housing and residential entrance doors, whether it's the front door, side or patio door.
- KW1 Keyway, SC1 Available.
- The Adjustable backset with 6-way latch.
- 1" Deadbolt throw with hardened steel rod.
- 5-1/2" center spacing from deadbolt bore to lever bore.
- Coordinating interior door levers available in all functions.
- Available in three finishes; satin nickel, chrome and black.
